This version of Polych car persecutions, a popular theme throughout the series. Speed need: SHIFT and its sequel took a simulator approach for races, with circuit races closed on real tracks such as the Nã bluerburgring and the dry lagoon, and fictitious street circuits in cities such as London and Chicago. Although the game allowed the players to play as the police, the BâºSqueda mode was less realistic than the previous versions of NFS; Players simply needed "tap" to stop them, instead of using simulated polychics to immobilize a of speed. For the multiplayer mode of the PC version, the GameSpy Internet pairing system was used instead of the local ârrea network (LAN). ^ Gerstmann, Jeff (March 31, 1999).
